Interventional Cardiology

**NFIC Interventional  
Cardiology Review  
Fellows Course 2022**

Tuesday, Dec 6  
Krakow Poland

# **New Frontiers in Interventional Cardiology 2022**

## **Tuesday, December 6, 2022**

**9:00-19:00**

### **NFIC Interventional Cardiology Review Fellows Course 2022**

Preparation for EAPCI Interventional Cardiology Certification Exam 2022

Course in cooperation with AISN Polish Cardiac Society (AISN PTK) and Institute of Cardiology,

Jagiellonian University Medical College

Venue: Q Hotel Plus, Wygrana 6, Krakow

9:00 - 9:15

Registration

9:15 - 9:20

Dariusz Dudek

Introduction

9:20 - 9:25

Dejan Milasinovic

EAPCI for the young community

9:25 - 9:30

Radosław Parma

EAPCI certification for interventional cardiology

**9:30 - 10:30**

### **Approach to the patient with STEMI**

9:30 - 9:40

Jacek Legutko

STEMI & high thrombus burden (7 min. + 3 min. Q&A)

9:40 - 9:50

Fabio Mangiacapra

STEMI & multi-vessel disease (7 min. + 3 min. Q&A)

9:50 - 10:00

Radosław Parma

STEMI & cardiogenic shock (7 min. + 3 min. Q&A)

10:00 - 10:10

TBD

Putting it all together: a case in point (7 min. + 3 min. Q&A)

10:10 - 10:20

EAPCI Certification Questions

**10:30 - 11:30**

**Approach to the patient with Chronic Coronary Syndromes**

10:30 - 10:40

Ahmed Fiyyaz

Diagnosis of CCS in 2022 (7 min. + 3 min. Q&A)

10:40 - 10:50

Ahmed Fiyyaz

Treatment of CCS in 2022 (7 min. + 3 min. Q&A)

10:50 - 11:00

Francesco Giannini

Approach to the patient with refractory angina (7 min. + 3 min. Q&A)

11:00 - 11:10

Ahmed Fiyyaz

Putting it all together: a case in point (7 min. + 3 min. Q&A)

11:10 - 11:20

EAPCI Certification Questions

**11:30 - 12:30**

**Intra-coronary imaging: a step-by-step guide**

11:30 - 11:40

Marco Toselli

IVUS in PCI: when & how (7 min. + 3 min. Q&A)

11:40 - 11:50

Alessandro Sticchi

OCT in PCI: when & how (7 min. + 3 min. Q&A)

11:50 - 12:00

Dariusz Dudek

Low-contrast PCI: tips & tricks (7 min. + 3 min. Q&A)

12:00 - 12:10

Tomasz Roleder

Putting it all together: a case in point (7 min. + 3 min. Q&A)

12:10 - 12:20

EAPCI Certification Questions

**12:30 - 13:30**

**Intra-coronary physiology: a step-by-step guide**

12:30 - 12:40

Simone Biscalgia

Physiology for lesion assessment (7 min. + 3 min. Q&A)

12:40 - 12:50

Simone Biscalgia

Physiology for PCI guidance (7 min. + 3 min. Q&A)

12:50 - 13:00

Piotr Szolc

Physiology for microvascular assessment (7 min. + 3 min. Q&A)

13:00 - 13:10

Graziella Pompei

Putting it all together: a case in point (7 min. + 3 min. Q&A)

13:10 - 13:20

EAPCI Certification Questions

**14:00 - 15:00**

**Left main & bifurcations: a step-by-step guide**

14:00 - 14:10

Dejan Milasinovic

Provisional strategy: when and how (7 min. + 3 min. Q&A)

14:10 - 14:20

Mirvat Alasnag

Upfront 2-stent strategy: when and how (7 min. + 3 min. Q&A)

14:20 - 14:30

Fabrizio D'Ascenzo

Left main PCI: a 2022 perspective (7 min. + 3 min. Q&A)

14:30 - 14:40

Dejan Milasinovic

Putting it all together: a case in point (7 min. + 3 min. Q&A)

14:40 - 14:50

EAPCI Certification Questions

**15:00 - 16:00**

**Calcified lesions: a step-by-step guide**

15:00 - 15:10

Mortiz Seiffert

Calcified lesions algorithm: when to use which device (7 min. + 3 min. Q&A)

15:10 - 15:20

Rocco Vergallo

Intracoronary imaging for calcified lesions (7 min. + 3 min. Q&A)

15:20 - 15:30

Ana Rita Pereira

Rotational atherectomy: a step-by-step procedural guide (7 min. + 3 min. Q&A)

15:30 - 15:40

Rocco Vergallo

Putting it all together: a case in point (7 min. + 3 min. Q&A)

15:40 - 15:50

EAPCI Certification Questions

**16:00 - 17:00**

**Anti-platelet & Anti-thrombotic therapy**

16:00 - 16:10

TBD

DAPT after PCI: which, when & why? (7 min. + 3 min. Q&A)

16:10 - 16:20

Ricardo Sanz

PCI & Anticoagulation: which, when & why? (7 min. + 3 min. Q&A)

16:20 - 16:30

Artur Dziewierz

High-risk bleeding patient after PCI: which, when & why? (7 min. + 3 min. Q&A)

16:30 - 16:40

Marta Bujak

Putting it all together: a case in point (7 min. + 3 min. Q&A)

16:40 - 16:50

EAPCI Certification Questions

**17:30 - 18:30**  
**TAVI: a step-by-step guide**

17:30 - 17:40

Radosław Parma

Transfemoral access: from safe puncture to optimal closure (7 min. + 3 min. Q&A)

17:40 - 17:50

Fabrizio D'Ascenzo

Balloon-expandable vs. self-expanding valve: when and how (7 min. + 3 min. Q&A)

17:50 - 18:00

Alessandro Beneduce

Severe aortic stenosis and coronary artery disease how (7 min. + 3 min. Q&A)

18:00 - 18:10

Anna Franzone

Putting it all together: a case in point (7 min. + 3 min. Q&A)

18:10 - 18:20

EAPCI Certification Questions

**18:30 - 19:00**  
**Fellows in Intervention- Simulation Training**

18:30 - 18:40

Joao Marques

Simulator development for interventional cardiology

18:40 - 18:50

Rossella Ruggiero

Simulation training for Robotic-PCI

18:50 - 19:00

Jonathan Curio

Next-generation simulation for structural interventions
